Children					
	1 Suhaag N.	13	✓		Studying class VI
	2 Sagiraj N.	10	✓		Studying cl. IV
	3 Sohila N.	8		✓	Studying cl. III

Village situated in India: The village is situated to the West of the main town Sindega. It is 6 km. from the town. It is near Ursuline Convent Garja. There is a forest south to there village. Their house is at the road side.

Family Situation: They are the family of father, Mother and three children. The children go to Government school. They get free education. The parents can not afford to send them good school. The eldest son goes Sindega by tempo. The other two children go to near by village school. The father is sickly man. He is suffering from hydrocele since 7-8 years, even though he is suffering he goes daily as a daily wages worker to support the family. There is no other means. They are living their lives below poverty line. They have no money for the treatment. They get 25 k.g. of rice from the Government. That is also not enough for five people. They have no land at all. I have visited this family. At home they have nothing. Mother is a house wife. Some times they go to bed empty stomach.

Sincerely yours
Dr. Swarnima Bage
Sister Incharge
